About Us

New Matharu Ivory Art Emporium, the producers of master pieces in fine wood handicrafts, is located in the foothills of the Shivalik range of Mountains and in the city of Saints, Hoshiarpur. We are one of the leading manufacturer & exporter of the Wooden Inlay Handicrafts.

Established in 1920, by *Late Mistry Gopi Ram*, New Matharu Ivory Art Emporium has scaled new heights of success. Since our inception, we have acquired the experience to satisfy our clients and to provide to them innovative and high quality products at affordable prices. We believe that the ordinary formless wood becomes the very manifestation of divinity under the skilled hands of the traditional craftsman. The traditional craftsman relies more on his spiritual senses and less on the aesthetics imparting a distinctive power of suggestiveness in the sculpted forms. Consequently the handicraft seems to come to life before one's eyes.
