About Us

An ISO certified company, Newtech Medical Devices has been rendering latest technology medical products with optimum quality to increase accuracy and performance. The foundation stone of the company was laid down in the year 2007 with a motto to modernize the way of working of medical professionals. The company started its business ventures after completing all the government formalities that includes Sales tax, Import-Export registration, AD Code, and so on. This exhibits that from the very first step of embarking into journey to success, we are honest and transparent with everyone be it Govt., business associates or clients.

We facilitate Medical professional like Doctors, Nurses and Paramedical staff in Hospitals, Nursing Home in serving their patients with ease and comfort. We are the leading Manufacturer, Supplier & Exporter of Cardiology/Cardiac Surgery/Nephrology and Urology with some General Healthcare Products is perfectly designed by experts after years of research. To be the leader in this domain, we have recruited a team of engineers, medical experts, hardcore sales professional, business management specialists, etc. Our team makes us able to offer error free healthcare disposable in domestic market and import of the same in India. We have been engaged in the business of importing clinically approved medical and surgical since last 1 year. To provide the best to the Indian medical industry, we have developed cordial relations with the trusted vendors,...
