## About Us

The Nextgen Software Solutions, the Information Technology company is a outcome of a combined dream of live wires from Gujarat, most prosperous state of India. Now, the India is known as a land of IT brains & talents and in past it was known for spirituality & Religion. Our company's main strength is our Team of young blood with sound technical experience in various professional fields and areas of Information Technology. We like to known ourselves as Solution Provider not a Box-Seller. Our quality Solutions are based on the real application & demand of customers. From the very inception, our teamwork motto has focused exclusively on the IT industry, with the sphere of operation encompassing the entire region. Under the banner of The NextGen Software Solutions, the whole group is gathered and consolidated its operation & structure to give an extra personal touch to present market.
