We are a reputed organization engaged in processing, supplying and exporting a comprehensive range of Industrial Chemicals. These products are known for their pH value, accurate composition and longer shelf life.

About Us

Established in the year **1996**, we, “**Nilkanth Organics**”, aim to surpass client's expectations by processing, supplying and exporting a wide range of **Industrial Chemicals**. The range of our chemicals is highly appreciated for its precise pH value, non-toxicity and accurate composition. Our range of chemicals fulfills the needs and demands of dyes & chemicals industries. We make sure to process all our chemicals under the hygienic environment to ensure that these chemicals are in compliance with industry norms. Our organization is backed by our highly advanced processing unit in order to process the high quality range of chemicals. With the usage of sophisticated infrastructure, we are capable of fulfilling the bulk requirements of our client base. Moreover, our sister concerns M/s Shreeji Intrade Exim fulfills the requirements of raw material for drugs and pharmaceuticals industries and M/s Merck Chem carry out the business operations of textiles and specialty chemicals. We have taken over the markets of East Europe, Indian Subcontinent and South East Asia. Under the able guidance of our mentor and CEO, “**Mr. Rajesh Mehta**”, we have scaled new heights in the business. His educational qualification includes DME (Directorate of Medical Education) and possess vast experience of over 18 years in this competitive domain. This has helped us in achieving progressive growth in the highly competitive domain.
