We are an ISO 9001:2008 Certified Company are Manufacturer, supplier and Exporter of **Forging Hammers** and other industrial machines.
About Us

Prior to 1966, Forging Industry which is the main industry was totally based upon foreign assistance and foreign technique. M/S Niranjan Singh Kartar Singh brought a revolution in the forging industry in 1967 by manufacturing Friction Drop Forging Hammer on its own.

Established in the year 1978, we "N. K. Forging & Rolling Industries" manufacturers of "NKH" Friction Drop Forging Hammers is a unit of Niranjan Singh Kartar Singh Forgings Private Limited. S. Niranjan Singh, who is the Managing Director of Nirajnan Singh Kartar Singh Forgings Private Limited is the Managing Partner of N. K. Forgings & Rolling Industries. Now Niranjan Singh Kartar Singh Forgings Private Limited has diverted the business of "NKH" hammers to N.K. Forging and Rolling Industries.

"N.K.H." self contained Friction Drop Forging Hammer is being manufactured in eight different capacities 500kgs, 750kgs, l000kgs, 1500kgs, 2000kgs, 2500kgs, 3000kgs, & 4000kgs capacity. Customer's satisfaction and quality presentation has been our motto for the last three decades and assure its continuity in future. The steel tup is lifted up by a fine quality nylon belt with the help of a high quality steel fabricated lifter drum whose movement is controlled by a hand pull cord arrangement which engages and releases the driving friction drum through a steel band lined with brake lining. The accurate movement of the tup is ensured with help of alloy steel forged...
