

Noble Dehydrates

<https://www.indiamart.com/noble-dehydrate/>

Manufacturer and exporter of fresh peeled garlic, dehydrated vegetables include garlic flakes, garlic powder, garlic clove, onion kibbled, onion powder, coriander leaves, coriander powder, green chilli powder and tomato flakes etc.

About Us

NOBLE Dehydrates was established in the year 1988, and significantly moved up in the value chain from hand operated machines & traditional sun dehydration of vegetables to state-of-the-art vegetable dehydration plant. During this drive of two decades, it has been our privilege to avail benefits of expertise of Mr. Ramesh Singhal, the founder and chairman of NOBLE Dehydrates. His expert analysis of the market, adoption of transparent business policies, appetite to grow with integrity and excellence has made this success story come true.

At NOBLE Dehydrates, we always strive to provide finest quality dehydrated vegetables, prepared in controlled hygienic surroundings, at most competitive prices with time bound schedule for delivery. This approach of total customer satisfaction has enabled us to gain confidence of our valued customers.

Every time we deliver our products, our continuous improvement system ensures delivery of better products, NOBLE Dehydrates is known for.

We procure fresh vegetables directly from farms wherein our continuous supervision of fresh crop right from sowing to delivery of crop in our factory ensures processing of best vegetables for dehydration purpose.
