# NU Effect Solutions LLP

<https://www.indiamart.com/nueffectsolutions/>

We offer a rational, cost-effective & high-quality approach to office printing & telecom requirements.

## About Us

**NU Effect Solutions LLP** came into existence in Feb **2014** to address a largely unaddressed area of the Indian Enterprise and SME segments: A rational, cost-effective & high-quality approach to printing & telecommunication requirements. The promoters of the company together have over 45 years of experience in the Service and Telecom industry.

**Nu Effect Solutions LLP** offers a wide range of high quality cartridges that suit various Original Equipment Manufacturers' (OEM) printer-devices & cost significantly less than that of the OEM product.

The Indian cartridge manufacturer we have tied up with, has a state-of-the-art factory & test-laboratory at Patalganga, near Mumbai. The cartridges we source are ISO certified. The raw materials are sourced as per international quality guidelines.
