

Nu-Metalocraft Pvt. Ltd.

<https://www.indiamart.com/numetalocraft/>

Manufacturer of all types of casting, non ferrous castings, overhead railway equipments and railway electrification components.

About Us

Nu Metalocraft Pvt. Ltd. was established in 1984 by Present Chairman Kumud Bikash Sen and other colleagues. This Company has been approved for Non ferrous overhead equipment/components for 25 KV AC Traction by Central Organisation for Rly Electrification and have been catering to their major requirements for New electrification project since 1990 with satisfaction.

We have in house testing facilities, Die making shops, own Foundry and follow Gravity Die cast process and producing components ranging from 40 gms. to 5 Kg. each. Our components produced by Gravity Die Cast process is smooth on surface, good grain size, and free from any casting defects.

The Pre-eminence is entirely due to the Company's single minded focus on a relatively narrow technical field, with strong emphasis on innovation, on reacting to customers needs, on quality & versatility in products offered.

NMPL is an ISO 9001:2000 company. Moreover it is registered with SSI, Govt. of West Bengal, SISI, Govt. of India, NSIC. We are also registered with Government of India, Ministry of Defence.

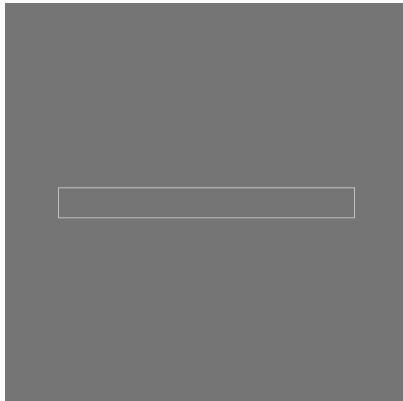

Any Non-ferrous castings against drawings, Std. Specification can be produced by us with customers specification - our products are inspected & passed by RITES (Rail India Technical Economical Services), a Govt. of India undertaking. We have achieved almost ZERO DEFECTS.
