Ocean Agro India Private Limited

https://www.indiamart.com/ocean-agro/

We are an authorized manufacturer, supplier and exporter of premium quality Agro Products. These are processed using superior quality ingredients and are highly eco friendly, hence, have gained wide appreciation from the clients.
About Us

Established in the year 1971, we, 'Ocean Agro (India) Limited', come across as a reputed name in the field of manufacturing, supplying and exporting superior quality Agro Products. Processed using highly nutritional ingredients, these effectively cater to varied agriculture and food processing industries. Apart from our agro products, we specialize in bringing forth Plastics & Packaging Material such as the specialized LDPE valve type Polymer Bags, Co-Extruded Films and Polybutadine Rubber Films. Clients can avail these at highly cost effective prices. In order to promote the organic agriculture, our trained field executives personally visit and interact with the farmers to give them practical demonstration. Further, the farmers are offered free samples of season wise crop specific recipe. In addition, we also conduct seminars for farmers, where the latest information and developments are introduced to them by experts from varied agriculture universities. Apart from this, we have a wide distribution network that has helped us expand our network from domestic to the international markets. This has resulted in a vast and ever increasing product line, based on the clients' demands. By making optimum utilization of our huge production capacity, our astute professionals timely accomplish the consignments and deliver it to the clients on time. We strictly abide by our judicious business policies, as a result of which, we...
