About Us

The OK Educational society has been functioning in the erstwhile Venice of the Baroda-Gujarat, India since 2003. Formed with the intention of providing quality education and educational opportunities for students in India as well as Abroad countries in selected professional fields, the OK has taken special care to open up novel arenas for learning.

OK is a pioneer in Educational Consultancy for students aiming to avail the best education in Medical science, Para Medical science, Engineering, MBA, MCA, B.Ed., D.Ed. and Other technical courses.

We also have excellent credentials that provide value-based services to aspiring students in world.

OK have the belief of educating people through different level of education. We pride ourselves on having placed about number of students in the top universities. OK has carved a niche for itself as the NumeroUno in overseas Educational Consultancy in Gujarat, India.

OK Consultancy is based primarily on the qualitative concept of sustaining relationship with the clientele determined by the expectations, aspirations and capacity of all involved. Since the relevant and viable education option of the student is the dream of every parent, the OK Consultancy has evolved a holistic educational package. As the youth aspire to be professionals with an opening for meaningful placements, OK Consultancy has taken care to seek all options.

The commitment that OK has shown towards informing students and creating awareness about...
