https://www.indiamart.com/omira-marketing/

We trade and supply a wide range of Milling, Honing, Turning, Measuring, Drilling & Grinding Machines and Assembly Technology & Transfer Systems.
About Us

“Cnc Servicing & Solutions (i) Pvt. Ltd” was established in 1993 with a vision to bring cutting edge CNC technology to the Indian Engineering Industry. Representing leading machine tool builders from Europe, USA and Asia, we aim to provide a total solution to the engineering needs of our customers, from metal cutting to metro-logy.

By departing from the concept of a traditional machine tool supplier to becoming a total solution provider, we have forged partnerships with leading engineering companies throughout India. Our team of talented and skilled engineers, CNC machinists and technicians are backed by quality infrastructure to deliver when it counts the most. Our passion for excellence in after sales service for all machines we sell, goes beyond merely maximizing machine up time and focuses instead on providing the applications and service support necessary to optimize machine utilization.

From the concept to the final product and beyond, we remain partners in our customer’s progress. To focus on our HONING range of products and provide complete honing solutions we established our sister concern, Precision Honing Solutions Private Limited (PHSPL) in October 2009. PHSPL has a dedicated team of very highly skilled honing specialists who assist the customers in making the right choice of honing machines and consumables after studying their process and requirements in depth. This helps the customer in...
