Omni Techfab Private Limited

<https://www.indiamart.com/omni-techfab-private-limited/>

Manufacturer and exporter of all kinds of precision parts for buttons making machines, collets, punches, pulley etc.

About Us

Omni-Jai Enterprises is a reputed Manufacturer, Exporter and Supplier of World-Class Precision Spare Parts for Polyester Button Making Machines, Embroidery Machines, Terry Towel Machines, Bottling Plant & Optic Fiber Duct Laying Machines. We have been also dealing in Cutters, Blades, Knives, Carbide Bits, Needles & Spare Parts, exactly as per original sample and technical specifications provided by our valued customers. We strive to supply them at the earliest at the doorstep of our customers to their entire satisfaction. Usually the procurement of original parts from abroad is a lengthy and encombursome process and as such the production is effected adversely resulting in heavy losses. We, therefore, try our best to develop the material exactly as per original sample and technical specification to supply it at the earliest at the door of our customers to their entire satisfaction . This could be achieved only with the knowledge and past experience and dealings with Trade Representation of U.S.S.R. & distribution of Agricultural Tractors and Spare-Parts, M/s Telco for distribution of Tata-Trucks and its Spare-Parts, M/s TAFE for Massey-Ferguson Tractors & Spare-Parts. During the course of time we have dealt with many Organizations in Government Sector, in Public Sector and in Corporate & Private Sector and at any stage we have never compromised with the quality of products supplied by us.
