About Us

“One junction for all solutions”

One junction services is a platform, where you get the solutions for all kind of problem & we work for you. We provide Domestic staff, corporate staff, Maintenance services, Housekeeping services, Security services, Recruitment services, some more area where we provide the services.

One junction in the field since 2010 onwards, we are the first person started these kind of Domestic services in central India And we are provide domestic staff services in all over world. We provide trained personnel for facility services and aims to be the best facility service provider in all over India. Our employees are employed directly by us, after extensive reference check and background verification to ensure proof of identity. Each staff is interviewed and accepted by us before employment.

Everyone expects the best job along with best possible price, and that's exactly what we would want to offer our clients along with ethical business and employment practices to keep our staff happy and wanting to work for us, while paying them a fair wage.

We are committed to Total Quality Service, where our workforce is really counted and highly appreciated due to their efficiency, experience and skill. They are motivated to do their job to the highest standards.
