

Oriental Engineering Co.

<https://www.indiamart.com/oriental-engineering-co/>

We are leading manufacturer & supplier of Industrial Machines. We fabricate our machines for various industries such as Paper Mill, Steel Plant, etc. These are sturdy & can withstand harsh conditions & perform well under pressure.

About Us

Oriental Engineering Co is a **manufacturer & supplier** firm which deals in a range of efficient **industrial machines** which include **Industrial Hopper, Industrial tank, Water Aerator, Tube Clips, U Clamp, Pipe clamps etc.** We are known for manufacturing machines which are designed in such a way that can withstand all kinds of conditions. Our products are appreciated for their tough design and longer working life. We offer only those products which pass our strict quality parameters. Our commitment and consistency in our quality has endowed us with making a separate identity in the industry. We have incorporated latest technology that helps in fabricating sturdy and highly efficient machines. We have created benchmark in the industry owing to our persistent hard work and the great coordination of our professionals and technicians. Our certainty to create products just in time has curbed the time involved in delivering the products. We also make sure that with our time bound deliveries we do not compromise in any way on quality. Our dedication for precision manufacturing, innovative design and quality products has endowed us with the loyalty of our clients.
