About Us

Ortus is an established UAE based IT solutions provider. We are a responsive service and are highly capable of managing your IT systems efficiently.

- Modular managed services & bespoke solutions:

Our Total Managed Service provides a whole spectrum of IT requirements a company has, from day to day user support to network administration to IT consultancy and planning. Ortus's modular approach to IT services enables us to deploy the resources required at each level in your organization.

- Hardware and network support:

We have been helping companies looking to either fully or partially outsource their hardware support requirements. We have provided a dedicated IT helpdesk as well as network administration to perform core server and network maintenance and monitoring, third party service management and internal IT reporting.

- Advice and consultancy:

We also provide consultants with relevant industry experience and knowledge to companies seeking to leverage the breadth and depth of our team and technical experience for larger projects, system upgrades, migrations and integration of IT infrastructure or business planning. We have established team for CCTV surveillance service and marketing in kochi,abudhabi and dubai. we also provide EPABX and Networking services in kochi,abudhabi and dubai. We also have an established team for developing websites in a low cost. we also provide SEO marketing and webhosting services to clients...
