## About Us

Established in the year **2008**, we, “**Oscar Polymers (Rajkot)**”, have been involved in the field of manufacturing, supplying and exporting an immaculate range of **Packaging Material**. As a respectable organization, we make sure to use exceptional grade material while developing these packaging products. Due to the expertise of our professionals, we are capable of providing customization of our products on various aspects like size, designs and patterns. These packaging products find extensive application in water treatment plants, pulp & paper mills, steel plants and jute industries. Our well-equipped infrastructure facilitates us in entire production process and aids us in improvising the complete production line, offered by us. The quality inspection team appointed by us, rigorously checks these packaging products to ensure their flawlessness. Wide distribution network set by us, helps us in delivering the consignments at the clients' doorsteps within the stipulated time frame. We have become the preferred choice of our clients due to the quality of our packaging products. Under the visionary guidance of our mentor, '**Mr. Samir Patel**', we have carved a niche for ourselves in this competitive domain. His sharp business acumen and exemplary leadership skills have always supported us in standing ahead of our counterparts in the industry.
