

Oyster Kids

<https://www.indiamart.com/oyster-kids-mumbai/>

Manufacturer of bedsheets, durries- bath mats etc.

About Us

For most mothers, shopping for a new born infant can be quite a daunting task. Mothers are usually confronted with a multitude of problems, be it availability and sizes or the textures and quality of the fabrics used.

Vithika Poddar found this out the hard way when she was expecting her child. However, being born into a family with a strong sense of fashion and textiles has its perks. Through her textile background she was able to understand basic issues which most parents weren't aware of.

Starting off with simple bed sheets and bed covers, Vithika was soon developing and designing a host of tailor-made products such as cushions, carry bags, toy AND storage bags, quilts and memory quilts. Oyster Kids, a luxury brand for children, was born.

Starting at Rs. 250 and going up to Rs. 10000 for a product, the premium Oyster Kids range, is aimed at parents who want something different and unique for their children.
