Manufacturer of cold rolled coils and brass bell push.

About Us

Paharpur metal works is located at Aligarh, India. Paharpur metal works made a zealous entry as the manufacturer and supplier of Brass, Aluminum, and Black Antique & Ironmongery & Architectural Builder Hardware. Over the years paharpur metal works have earned enviable reputation in world wide markets, while supplying them our best available Premium range of products from India on very Competitive Prices with time bounded shipments.

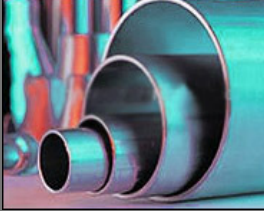

In order to achieve this goal, endeavors were focused towards keeping pace with the changing trends in hardware technology and variations in customer needs. Emphasis is laid on product designs as well as new product development. The best way to know our products is to order for these even as experimental basis. You would be glad having done that. Long lasting relations are what we are always looking forward to.
