We have been a professionally managed firm engaged in wholesale, retailer and service provider of a wide range of agro products such as **Nature Flowers, Garden Tools, Flower Pots, Indoor Plant, Herbal Plants, Landscaping Services and many more.**

## About Us

Established in the year **2017**, we, **Pal Agrotech** initiated our journey as the profound wholesaler, retailer and service provider of a wide array of Agricultural Plantlets. Grown in sterile and in-vitro conditions, we have **Nature Flowers, Garden Tools, Flower Pots, Indoor Plant, Herbal Plants, Landscaping Services and many more**, under our range of offerings. These plants are grown by tissue culture procedures in which we maintain or grow plant cells under sterile conditions using a nutrient culture medium of known composition.

Under the guidance of our mentor, **Mr. Rajesh Pal** we follow ethical business policies to carry our activities and are standing ahead of our competitors. Our Quality Assurance Program is a combination of system monitoring and laboratory testing to confirm our quality.
