About Us

Pankaj Manufacturers established in 2001. We are leading Manufacturer of Sports Bags, Matty Bag etc. Our products have large storage capacity, durability, efficiency, flawless finishing, vast variety and so many qualities in them. These bags are superior in quality as high grade material is used in the manufacturing, which is sourced from trusted vendors. The advanced technology is used in the production, supply and exporting of these products which make them efficient to satisfy the clients.

We have ultra modern machinery and latest equipment which is sufficient for the production of these goods. Moreover, we have achieved so many goals and objectives due to the dedicated team of our company. The all employees work together as a team and there is a strong bonding among all of them which is helpful in performing the task efficiently in any situation.
