About Us

Established in the year **2005**, we, “**Paramount Chemicals**” are one of the wholesalers, traders, dealers and exporters engaged in offering different types of **Chemical Reagents**. These chemicals are known for stability, precise PH value and accurate composition. These chemicals are procured from vendors, who have well developed processing facilities. Our procuring agents maintain close coordination with the vendors, so that superior quality products can be sourced. We also test the quality of our Industrial Chemicals, Hazardous Chemicals and Water Treatment Chemicals on the basis of purity. In order to store the procured chemicals safely, we pack these in air tight containers and store them in a controlled temperature. Moreover, we are connected with the different means of transport, which helps us in timely delivering our consignments to the clients. In these years, our organization has expanded its market base across the Indian Subcontinent and acquired many reputed clients. Our organization has progressed immensely under the guidance of the mentor “**Mr. Dev Rathod**”, who holds vast experience in this domain. Owing to his constant motivation, we have successfully handled complex projects. Mr. Rathod is the man behind our tremendous growth in this domain.
