## About Us

The Park College of Engineering and Technology was started in 1997 and is situated on the National Highway NH 47 in Kaniyur at 28 km east from the industrial city of Coimbatore in Tamilnadu. It is located on a sprawling 30 acres of land surrounded by green fields and coconut Groves on its three sides, and a chain of industries on the other. The College buildings, hostels, workshops and laboratories, playgrounds and gardens are laid out tastefully and functionally by Architects and experienced academicians and educationists rendering the premises a right place for living, learning and working.

The College is affiliated to Anna University, Chennai and is approved by AICTE, Delhi. It is also an ISO Certified Institution. The Director of Technical Education of the Government of Tamilnadu is the supervisory authority over the College. The College is a co-educational self-financed private institution and aims at excellence and leadership in the field of technical education.

The College is located not very far from the highly industrialized city of Coimbatore, and far enough to escape from the urban related problems. The College provides for learning in its class rooms and laboratories, during the regular working hours and also outside the class-rooms, beyond the working hours. The facilities in the college are so planned as to make the College an ideal place for teaching and learning. While providing quality education using all modern teaching methods and technologies....
