About Us

Our intent is to provide our clients with an extensive range of wood and timber products, so we offer you a complete range of meticulously crafted impact-resistant doors and are very well known for the high quality of wood work, reasonable prices and commitment to customer satisfaction. With a modest beginning in the year 1980, our company has always strived for excellence for last 20 years, by adopting the latest technology, using fully automated, imported machinery and have invested in the most state-of-the-art sawmill equipments and infrastructure, backed up with the most advanced SAP technology. We have proved our capability, and today boast of being an ISO 9001: 2000 certified company, with a turnover of approximately Rs.150 crores . Our Specialty: Our products and panel boards are produced, using key finger jointing and edge gluing techniques. The wood logs are sawn to sections that are chemically treated and seasoned under controlled conditions of temperature and humidity. The process starts from the receipt of imported logs to the selection of the appropriate logs, then slicing and re-sizing of the log, is done to cater to the specific needs of the customers, and to reduce wastage, we even convert these into usable materials. Our world class manufacturing process ensures that we deliver long lasting quality products. Last but not the least, the use of 2 Sawline having a capacity of 4000 and 2000 CBM per month highlights the fineness that makes our products...
