Phezia Projects

<https://www.indiamart.com/phezia/>

Our most valuable support are our clients, who trust our innovation and values for all their construction needs, which we excel to accomplish and deliver on time, every time.

About Us

Phezia is an Engineering Procurement Construction Company undertaking turnkey jobs in Engineering and Project Construction segment. To Phezia, professionalism is a combination of competence, technology, skill and dedication, unified and strengthened by a code of ethics. It is this special professionalism and discipline that enables us to take up for us many prestigious projects in a variety of market segments, and encourages us to aim for greater challenges all the time. We are flexible enough to provide customized solutions to our clients and experienced enough to know exactly what a client wants. We are a firm professionally run by young and dynamic technocrats having varied experience in Engineering, Projects, Sales & Marketing, and Civil Construction Management.

What we do:-

Since our launch in 2009, we have successfully executed and commissioned a number of construction projects both in Private and Public sectors and are experienced builders in a wide variety of segments including commercial offices, Education and Institutional buildings, infra and Industrial buildings.

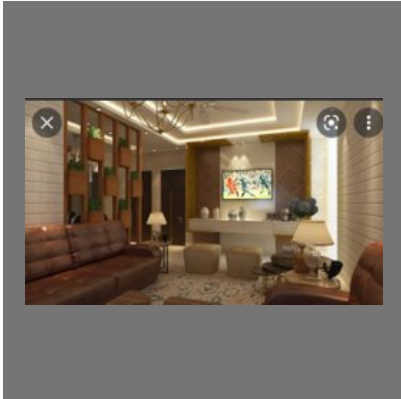

Apart from these, we have also handled Road Works, Rain Water Harvesting & Electrical works like DG sets, transformers, panels, internal & external electrification, internal & external water supply, fire protection systems etc.
