

Phiarcs Solutions

<https://www.indiamart.com/phiarcssolutions/>

Offering architectural 3D renderings exterior services, construction documentation preparation services, architectural design and drafting services etc.

About Us

PHIARCS SOLUTIONS has been providing services to Architectural, Engineering, CAD and Interior designing fields since 2007, for a clientele that ranges from private individuals to residential and commercial organizations. We provide a value added and cost reducing solutions to both domestic and overseas clients in the respective field . We collaborate with our customers online and in most cases have delivered drawings to clients we've never met in person. Phiarcs is based in India with head office in Kerala having a full-fledged Architectural CAD processing center. We have a flexible team of professional Engineers, Architects draftsmen and designers ready to help you keep, or create your marketing image, and keep your budget under control. We assist you with architectural design, presentation and workflow of your architectural services projects, with services that address your specific needs. Floor plans, Cad Drawings, 3D computer generated images (CGI), plan conversion , Construction Documentation, Product modelling services and a whole bunch of other digital services in between.
