https://www.indiamart.com/plantek-international/

We are the leading growers and cultivators of Foliage Plants, Pot Plants, Perennials, Tropical. Our latest tissue culture laboratory is specially designed to produce up to 10 million plants per year.

WHOLESALE PLANT SUPPLIER
About Us

Agriculture & horticulture are two most integrated and important part of Indian culture and economy. In today’s demanding world, dependable as well as trustworthy supply of plant material is extremely important. Moreover, breeding process involved also requires a quick propagation method. Hence, there is a rising need of using tissue culture technique to achieve desired end results. Established at Bengaluru, Karnataka, India, we “Plantek International,” are one of the leading growers and cultivators of **Foliage Plants, Cut Flowers, Pot Plants, Perennials, Tropical and Other Virus-Indexed Plants**. The plant and shrub range we deal in include **Cordyline Australis Autumn**, **Cordyline Red Star, Yucca Bright Edge, Phormium Bronze, Philodendron Black Cardinal**, **Calathea Ornata, Yucca Golden Sword, Cordyline Australis Red Star, Calathea Plants, Cordyline Plants, Phormium Plants and Ficus Ali**. We are a Global Partner of all customers who are in need of tissue culture base solutions. Our expertise lies in meeting the demands of cultivating **Foliage Plants, Cut Flowers, Pot Plants, Perennials, Tropical and Other Virus-Indexed Plants**. Our business operations are led by **Mr. Shashi**, who has with him extensive experience in the field of plant tissue culture. Having deep interest in the agriculture and horticulture fields, his extensive experience guides us in coming up with a wide array of plant and shrub varieties...
