We are considered in the market to be one of the leading manufacturers and suppliers of this impeccable range of Optical Brightener - Plastic Brightener. The offered range is widely praised for its impeccable effectiveness and shelf life.

About Us

Established at Ahmedabad (Gujarat, India), in the year **2003**, we “**Plast Fine Polymers**”, are one of the well-known manufacturers and suppliers of a comprehensive assortment of Optical and Plastic Brightener. Our offered products are Plastic Whitener, Optical Brightener and Plastic Brightener. Our product range is processed using high grade material and advanced technology. The offered products are manufactured in accordance with the international standards. Also, these products are highly admired among clients due to their durability, longer life and smooth finish. These can also be availed by clients from us in various customized options as per the varied requirements of clients. We have established an advanced infrastructure that spreads across a vast area and is facilitated with all the latest machines and advanced techniques.

We strictly follow standardized quality mechanisms that help us provide our clients a qualitative range. Our complete range is extensively tested by our quality controllers at every stage in order to ensure that the offered range is free from all kinds of defects. The quality control procedures followed by us begins from the selection of basic material and lasts till the final dispatch. We also have packaging experts who ensure that the complete range is delivered to our customers without any damage during transit period. We focus on the demands of clients to offer our range according to their detailed...
