<https://www.indiamart.com/pmp-engineering/>

We are one of the leading manufacturers and exporters of industrial equipment parts like RPM meter, radiator cap and others. These are acclaimed for their features like dimensional accuracy, corrosion resistance and durable finish standards.

## About Us

Established in the year **2004**, at New Delhi, India, “**PMP Engineering**” is a sole proprietorship firm involved in **Manufacturing, Supplying and Exporting** a wide assortment of Industrial Equipment Parts. The range offered by us also encompasses **RPM Meter, Volt Meter, Radiator Cap, Oil Cap, Engine Plug, Bearing, Thermostat and BO Valve, Impeller, Ignition Switch, Shaft Component, Piston Pin, Facing Clutch, Adopter Pulley, Water Pump Seal, Snap Ring, Drain Plug, Water Pump Repair Kit, Ball Bearing, Water Pump, Glow Plug, Shafts, Original Packaging, Storage.** These products are manufactured as per the defined industry standards so as to match up with the expectations of the end users. With the support of a team of around 50 expert professionals, we have been able to offer quality assured products to our customers. Our quality experts stringently test the entire range on the basis of well defined parameters of quality. Further, keeping in mind the diverse requirements of our customers, these products can be customized by us according to their specifications. With our expertise, we have been able to develop a precision engineered range of Industrial Equipment. Our business operations are headed by our owner, Mr. Tomy Joseph, who is the CEO of the company. Owing to his valuable industry experience, coupled with excellent leadership skills, we have been able to mark our strong presence in this business...
