We are a reputed name in the industry, which is engaged in manufacturing and exporting chemicals for leather dyeing, textile processing, leather processing and textile auxiliaries such as poptan CSN, poptan DNF, popsynthol liquor and others.
About Us

Incorporated in year 2002, we have evolved as one of the most trusted company to offer reliable supply of a wide range of chemicals for various industrial application. Today we are a reputed name in the industry, and are engaged in manufacturing and exporting a wide range of chemicals. This range of chemicals encompasses poptan ANF, textile auxiliaries chemical, poptan CSN, poptan BFR, textile finishing chemical, poptan RSI, pop GS powder, poptan DE, popsynth MZU and popsynthol liquor. We have been fortunate to grow under the guidance of Mr. Sunil Behal with vast industry in his side. We started our base in year 2002 in Amritsar, Punjab. His motivation and leadership in operations handling and other areas of business enabled us in successfully matching diverse chemical needs of our clients. Today, with the assistance of research and development department, we offer efficient and certified chemicals which consist of fish oil products. These are utilized for the manufacture of textile products and tanning & re-tanning of leather products.
