We are the distinguished **dealers, traders and service providers** of **Pre Owned Cars**. These have been praised in the market for their superb mileage, low fuel consumption and economical prices.

About Us

Established in the year **2008**, we "**Popular Cars**" have become one of the renowned **dealers, traders and service providers** of **Pre Owned Cars**. Our products are known for having superior mileage, minimum fuel consumption and economical prices. These are sourced from trusted vendors of the market who have established themselves in their field of specialization. They work according to the international quality norms and guidelines while handling business operations. Our cutting edge infrastructure aids us in carrying out all our business operations with utmost efficiency. Owing to our transparent policy and noble business ethics, we have been able to gain the trust and recognition of our esteemed clients. Our products are checked rigorously for their quality when we procure them from the vendors and are checked once again at our premises. Due to the above factors we have been able to establish a large client pool. Our mentor '**Mr. Prafulla Bonde**' has always been a constant source of inspiration to us. His in depth marketing knowledge and sharp business sense have helped us reach to the top.
