<https://www.indiamart.com/prachi-infrastructure-private-limited/>

Offering overhead RCC tank construction services, design services, repair of overhead tanks services etc.

About Us

Prachi Infrastructure Pvt. Ltd. is a team of Young & Energetic entrepreneurs engaged in Construction of all Kind of Civil Engineering works with excellent quality. We are specialist in Constructing Intake Well, R.C.C. Overhead Tank, Water Filter Plant and Anicut, Electric Grid/Substation and Telecommunication Towers.

We are situated in Indore, the industrial capital in Madhya pradesh, exploring new height and expanding our roots countrywide.

And we are proud to be the one of the best people in the field of civil engineering. Not only our people but our clients are also proud of us.

We are having a zeal to make Impossible, possible because we believe that even the word Impossible say (I M POSSIBLE) and our previous project are paradigms for our statement.
