## About Us

Established in 1979 under the name Pragati Udyog, entered in Plastic Injection Moulding since its inception is now India's leading manufacturer of plastic components made through injection moulding process. Since then the Company has expanded its product line with 178 more precision engineering mould. Out of 178 items, for 35% of the items we are the only supplier for the last 2 decades. As all industries do have a humble start so was the case with Pragati Udyog. However under the entrepreneurship of Mr. Parminder Singh Bedi , company moved on one path. The path of continuous improvement. Though difficult but is the only successful path on long run says young and dynamic Parminder. His Father Mr. J.S.Bedi , who is a pioneer in this industry and a respectable name amongst competitors and lead the company with sole motto as " Never Compromise on Quality". A young dynamic company owned & managed by engineer & technocrats, continuous investment in employees training, skill upgrade & state of art technologies and processing equipment ensures the ideal engineering solutions to meet out clients plastic moulded components related stringent quality requirements. Our major customers are from all industries, and rather its right to say, any industry you can think of, we have had association at some point or the other. Backed up with strong commitments, Pragati Udyog today is shining like a bright star.
