Prakash Optical Industries

<https://www.indiamart.com/prakash-optical-industries/>

We are a leading organization engaged in the domain of manufacturing and supplying lenses machines and tools, meter, gauge, tray, racks etc. These are widely acclaimed for their finest finishing and superior performance.

About Us

Established in the year **1985**, we, “**Prakash Optical Industries**”, are a prominent organization manufacturing and supplying a wide range of **Lenses Machines & Tools, Meter & Gauge and Tray & Racks** to our clients. This range includes varied products associated with the optical range. The tools and machines offered by us are highly acclaimed for their features such as superb finishing, accuracy and transcendent performance. Our team works as a biggest support for the organization to meet the set targets. Besides, we make use of advance technology and machinery to manufacture our products. The products undergo stringent quality tests so to ensure fabrication of the products at par with set standards. We also conduct training sessions for our professionals so as to keep them more competitive and abreast of the latest market trends. This helps us in fulfilling clients' needs in the best possible manner. Under the strict guidance of our owner, '**Mr. Mayur Patel**', we have been able to create a vast client base across the nation. His in depth knowledge and unmatched experience in the domain have always helped us lead towards success. He has always guided our professionals to always follow the ethical standards and norms in all the business activities.
