## About Us

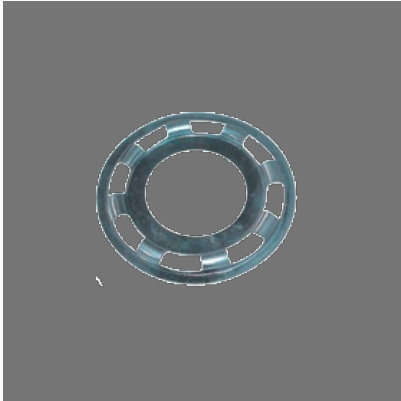

The Spring India Company was established in 1968. The Spring India group offers a total solution for Sheet Metal Components (having about 6000 custom made components), and serving most of the Indian O.E.M's as a self certified source. We have a wide range of products for all markets. We export to O.E.M's and After Market in European countries. Modern technology and equipment is used for the Quality of the products, Quantity of the products and their Timely Delivery at a competitive price. Import substitution is offered in a short span of a fortnight or less. The wide range of our products makes us the largest setups in India. We are an ISO9000 company and we implement the TS16949 norms for quality.
