Manufacturer and exporter of aluminum composite panel, non woven fabric, woven fabric and bags.

About Us

PRATAP GROUP was established in 1968, under the able leadership of Mr. J C Agarwal and Mr. S S Jindal. Ever since its inception, the company has grown in leaps and bounds. The Group came into being with the manufacturing of PVC Hose Pipes in 1972. Later, in 1984, it started manufacturing HDPE/PP Woven Fabrics and Sacks with an annual capacity of 300 MT. Since then, the group has increased its capacity to 16,000 MT. Today, the company also offers Liner Bags and BOPET Sequence Rolls.

In 1992, the Group ventured into the manufacturing of Texturised POY in Surat, Gujarat and further expanded the production in Daman, Gujarat. In 2006, the Group entered the Non-Woven market and has production capacity of 4,000 Tonnes of Spun-bond Non-Woven fabrics per annum.

The Group's latest expansion to its product offering is that of Aluminium Composite Panels with a brand name PRATAPBOND, since 2011.
