About Us

Based at industrial hub of **Mumbai** (**Maharashtra**, **India**), we have been engaged in manufacturing and supplying a wide assortment of **Hardware and Software Devices**. Additionally, with the aid of our competent experts, we are able to offer prompt time & attendance solutions for allowing quick & error-free analysis of payroll-data since last decade. Further, we specialize in developing terminals for shop floor data collection that facilitate in recording & transferring important data of person and operating-related events. This process helps in determining & analyzing the idle time, down time and machine operating time.

With the support of our experienced technocrats, we are able to offer access control systems for security of an organization. Our device facilitates in providing access to rooms, buildings and other unauthorized areas. Furthermore, we have hired a team of specialized software developers and system integrators, which helps us in offering the clients with right & accurate solutions. Owing to our ethical business practices, client-centric approach and competent workforce, we have been able to muster a huge clientele all over the country.

Our firm is administered by a team of committed and efficient management, which holds vast industry experience and possess profound business knowledge. Owing to their managerial capabilities and skills, we have been able to attain a position of repute in this domain.
