

Prism Scientific

<https://www.indiamart.com/prism-scientific-teaching/>

Trader of binocular microscope, medical microscope etc.

About Us

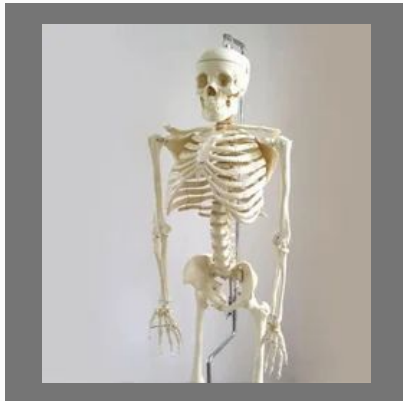

We specialize in providing quality tested Laboratory Glassware, Laboratory Chemicals, Physics Lab Equipment, Hospital Equipment, Laboratory Balances and Laboratory Research Equipment. In addition, we also offer Pharmacy Lab Equipment, Electronic Equipment, Laboratory Wares, Chemistry Lab Equipment, Biology Equipment and Microscopes. We specialize in providing a wide assortment of lab apparatus, lab glassware and scientific instruments. These products are precisely engineered using modern production techniques and sophisticated machinery. To make our laboratory equipment light in weight yet sturdy in construction, we use borosilicate glass and laboratory plastic ware to fabricate these products. The microscopes and lab instruments are specifically manufactured as per international standards to produce precise measurements. Our instruments and anatomical models find extensive usage in chemistry lab, physics lab, biology labs, electronic labs and hospital / medical labs. Among our range, we also offer accurately developed laboratory physical balances and laboratory chemicals.
