We are a topmost manufacturer, exporter, and supplier of quality approved assortment of Soy Milk Extraction Plant and Tofu Press Machine. Offered products are widely admired across the market for their performance and longer working life.
About Us

We “Pristine Plants India (Pvt.) Limited,” Founded in the year 2006, are an ISO 9001:2015, ISO 9001:2008, OHSAS 18001:2007 & ISO 14001:2004 certified manufacturer, exporter and supplier of wide assortment of Soy Milk Extraction Plant and Tofu Press Machine. We began our journey as a notable firm of the finest grade range of Soy Milk Extraction Plants, Industrial Autoclave Sterilizer and Tofu Paneer Presses. We also give out industry’s best solutions for establishing and researching on soy milk and allied products. Located at Faridabad (Haryana, India), at present we are a widely chosen company for generating cost effective and energy efficient solutions. Different equipments which are manufactured by our company are based on the most advanced technology available today for developing the same items. Also, by using such technology our company has been able to make equipments which help in extracting milk from soybean while retaining all the essential nutrients, without unwanted odor and taste associated with traditional soy milk. We are backed by a team of qualified professionals whose in-depth industrial knowledge helps us in designing and manufacturing different soy milk extraction equipments and autoclave units as per the request of clients. Each product undergoes strict quality surveillance procedure to avoid the chances of fault. We are exporting our products globally.

Under the headship of our Director “Mr....
