We are one of the leading **manufacturers, exporters and suppliers** of wide range of roll forming section, door frame, steel channels and assembly work. Durable and sturdy, these are widely demanded in various industries.

About Us

We are engaged in manufacturing, exporting and supplying a wide range of roll forming section, door frame, window frame, dividing bar, drum clamps, panel section, ceiling channel, roof channel, hardware channel, terminal channel, window assembly, power window assembly and industrial purlin.

Quality is of paramount importance at our organization and we take immense care towards maintaining it. We are committed to achieve total customer satisfaction through our range of products as per mutually agreed specifications and terms. All our roll sections and allied products are tested on several parameters of quality to ensure that only the “best” reaches to our clients within specified frame of time.

We lay considerable amount of finances and time in the research and development which keeps ourselves abreast with the latest advancement in the industry. Further, we also keep our team trained to adopt the changes so as to be ahead of times and gain competitive edge over the others.

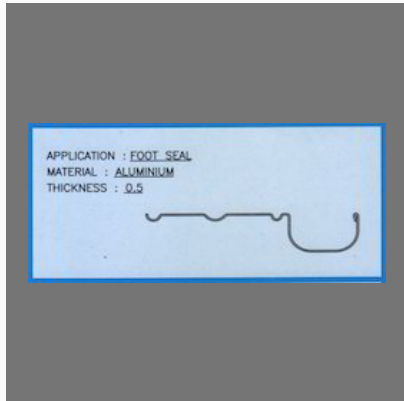

Guided by **our owner Mr. C. N. Panchal**, we have been experiencing and enjoying the utmost position in the market and has become the leading choice of our clients. Under his enlightened supervision, we aim at making our organization successful worldwide and thus increasing our turnover. Through our continual efforts towards satisfying our clients, we have gained wide appreciation across the globe and have been catering to the...
