About Us

Pulse Heart Centre is a best cardiology out-patient services clinic aimed at providing a quick and reliable best diagnosis and treatment for heart-related conditions. It is born with the idea that compassion is as important as the medication when handling matters of the heart.

This website is designed to help the patients to schedule an appointment, to register for newsletter, to ask the doctor a question and to submit opinion. A brief update on the various cardiac diseases is also available for the patients to browse. A separate section for cardiologists and another for the medical students is available with academic materials including news and webcasts. Dr. M.S.S. Mukharjee is a renowned best cardiologist and quite popular in Hyderabad who heads the centre is a well qualified and affable cardiologist who ensures that a diagnosis is quickly made and an optimal treatment is given. He is ably supported by his qualified technicians and staff, who ensure a pleasant interaction for the patient. At Pulse Heart Centre, the basic cardiology out-patient services are provided: Electrocardiogram (ECG), Echocardiography (2D-Echo, as it is popularly known) and Treadmill exercise stress test (TMT) are done regularly. Rigorous protocols are put in place to maintain highest standards of the tests done. The center also offers Holter monitoring (24hr ECG). Pulse heart is only one of the very few best...
