## About Us

Radha Krishna Bricks is a young and ambitious company dedicated towards manufacturing good quality bricks and researching ways to make better and more versatile bricks. Albeit small, we believe we are an integral part of our society, closely interacting with our customers to provide the best of our **services** and help provide strong foundations for the structures they wish to build. **Mr. Jagdish Katiya**, to whose hard work it owes most of its success, founded the company in the summer of 1990. The company being founded by a single person led to its strong motto of achieving success by integration and dedication. All of us at RKBI work with utmost honesty to keep our customers as satisfied as humanely possible. For over two decades, we have produced fine hand-made clay bricks, slowly and gradually making a name for ourselves in the competitive market. Thanks to that, we have now established our company as one of the most reputed brick manufacturers in its vicinity. Currently, we plan to take ourselves further by entering the larger markets of the country and by exporting our quality bricks overseas. For this, we have installed a mechanized brick-manufacturing unit with the illustrious European technology. This remodeling enables us to increase our production capacity from 4 million bricks per annum to 12 million bricks per annum and at the same time it allows us to keep providing our products with our standard remarkable finesse added with strength...
