## About Us

Rahat Continental offers end-to-end logistics solutions. We are a 26-year young, vibrant progressive organization and take pride in being among the most reliable service provider in the logistics industry today.

Incepted in 1984 in New Delhi, the past two decades have witnessed Rahat grow from being a Custom Clearing Agency to a service provider that offers corporate relocations, break bulk cargo carrier, air and sea cargo consolidator and warehouse provider. We are an IATA accredited, registered Custom House Agent with offices/associate offices across India and UK.

Not only have we grown from strength to strength through this journey, but we have also built trust and strong relationships with our customers and carriers across the globe. Extending our footprint further, today we are present across the globe through our robust and reputed associate network.
