<https://www.indiamart.com/rain-makers/>

Manufacturer of rain shower, bathroom showers, rain shower head, steam generator, bathroom Glass partition, Glass Enclosure, Glass Partition, sauna room, shower head, cascade, musical shower etc.

About Us

Rainmakers started with manufacturing of High quality Stainless Steel showers in the year 2009. During the short span of time and large demand of the product company started making of large range of showers from small size of 6 inches to customized showers of any size. Company has manufactured large number of showers even of the size of 6ff X 6ff which are running most successfully and are in large market demand. Today our brand name 'RAINMAKERS' is one of the most respectable brand name in India and our products are widely distributed. Talking about the technical expertise a full-fledged team with specialized manpower and testing facilities for the product development, reliability, evaluation and regular upgrading as per market needs is available with the company. We are professionals and provide solution to every problem and are professionally managed and have a sound management system. Our each product goes through an elaborated system of designing and testing of products. Looking at the most positive market response. Company has planned to start the Export Business during me financial year 2013-14 When you deal with Rainmakers, you are guaranteed with the highest levels of services and with highly reliable products.

Rainmakers looks forward to working with you to satisfy all your best quality needs and full guarantee on the life of the products.
