Raj Industries

<https://www.indiamart.com/raj-industrimumbai/>

Raj industries has established itself as a leading manufacturer and supplier of industrial rubber products and extruded rubber products. These are offered in a variety of specifications to meet different requirements.

About Us

Raj Industries was established in **1997** as a manufacturing and export company engaged in the production and supply of Industrial rubber, industrial rubber components, molded rubber components, rubber components manufacturer, molded rubber parts and molded rubber components. We, at Raj Industries, have more than a decade's experience in this field and we have gained proficiency in the production process. We are ably backed by our in-house testing facilities and modern equipment in developing superior quality products that find wide application in a variety of industries like Cement Industries, Chemical Industries, Household Industries and Pharmaceutical Industries. We provide for the necessities of our esteemed clients, developing the products in compliance with the specifications provided to us. Our modern infrastructure aids us in the customizing and packaging procedures. Through our principled business practices and client coordination we have also grown as exporters and we provide our services to our clients based in America, U.K., Gulf Countries, African Countries, Australia and Germany.
