We are one of the most prominent suppliers, importers, exporters and traders engaged in offering SS and CS Products. These products are appreciated by the clients for their corrosion resistance, sturdy construction and longer functional life.

## About Us

Established in the year **1989**, we, “**Raj Rajeshwari Industries**”, are counted among the prominent suppliers, importers, exporters, traders and indenting agents engaged in offering **SS** and **CS Products**. We procure these products from the authentic and certified vendors, who utilize quality tested stainless steel and carbon steel in the production process at their end. Our vendor ensure us that these are flawless and in compliance with the **ANSI ASTM standards**. Known for their sturdiness, durability, reliability and corrosion resistance, these products are used in petrochemical, automotive, food and several other industries. The pipes offered by us are available in the thickness of Sch5, Schl 0, Sch40, Sch 80 and Sch160 and ranges from 15 mm NB to 600 NB in sizes. We are also supported with a competent team of professionals, which plays a key role in managing and running the entire business operations in the best possible manner. Owing to client-centric approach and transparent dealings, we have been successful in maintaining our client base in **East Europe, South/West Europe and Indian Subcontinent**. Our mentor and guide, '**Mr. Akshay Munot**', holds vast industry experience in this domain. He motivates us to work hard and attain excellence in this sector.
