## About Us

**Rajdeep Agri Products Pvt. Ltd.** is the leader in the Indian sub-continent in designing, fabricating engineering and constructing green houses at par with the international standards for all season as well as off season crops, having constructed more than 15000 green houses since 1980 in different climatic zones in India as well as in the neighboring countries, like Nepal, Bangladesh & Bhutan. Rajdeep specializes in turnkey projects including feasibility surveys, structural choice, fabrication & installation of green house equipments. We advise on irrigation, fertilization & climate control systems, providing training, growing methodology etc. Our range of individual models are designed for specific climates & crops. We also customize green houses and upgrade existing structures. Premier organizations such as ICAR institutes, Agricultural Universities, Defence Research & Development Organization (DRDO), CSIR Laboratories, Food & Agriculture Organization (FAO) and some well-known organizations in the private sector & multinationals prefer Rajdeep Green Houses. Rajdeep Green Houses are based on more than 32 years of hands on practical experience and extensive know-how which exhibits the strength of the company's system and quality that perhaps Rajdeep is the only company in India in the field of Green Houses which has been awarded ISO 9001:2008 certification.
