Scaling new heights, we are recognized as a reliable manufacturer and exporter of a wide range of steel poles, structures, stainless steel fabrication, steel lighting poles that find their usage in lighting and various industrial applications.

## About Us

We at **Rakesh Engineering Work** present ourselves as a noteworthy name engaged in manufacturing and exporting of a range of steel poles. Our comprehensive array includes **decorative light pole, mild steel structure, steel tubular poles, I mass pole upto 16 Mts, steel structure, designer pole, MS structure, steel pole, MS pole and lighting pole**. Known for their high endurance and durability, these poles are used in various industrial and commercial sectors. Located in Gaziabad, that is near to Delhi, the capital of India, we have taken advantage of our central location. Through our efficient production and transportation facilities, we have been offering high grade steel poles to various parts of India and the other parts of the world.

Over the years, we have streamlined our manufacturing process in order to meet our clients' expectations and to further ensure timely delivery of our products. Our systematic and significant growth in the industry is the result of clear vision and guidance of **Mr. Rakesh Kansal**. He has extensive experience in the field of steel poles.
