EXERGON is a chemical company, manufacturing paint thinners, water-based degreasers and radiator coolant. We are an ISO 9001 and ISO 14001 certified company.
About Us

The Company was established in 1967 by our Founder, the Late Shri R.R. Gosavi. It has evolved not only into manufacturing of solvent based thinners and cleaning media, but also a host of water-based, eco-friendly products ranging from a hand wash to a revolutionary and innovative radiator anti-freeze. We are manufacturer, supplier and wholesaler. We are manufacturers of water-based industrial degreasers, high quality paint thinners and solvent-based cleaning solutions to various industries ranging from automobiles and auto ancillaries to forging. Our manufacturing setup has an automated and enclosed system to minimise human contact and avoid environmental damage. Our products are rigorously tested for quality in an in-house, state-of-the-art laboratory by trained chemists. It's no wonder that our customers have been relying on us for over 40 years!

Experts in the chemical field & certified lab technicians are on the roll of the company with access to world renowned laboratories & libraries like NCL. The Company has adopted the ISO 9001:2008 style of operations & has been so certified by the internationally renowned M/s International Certification Services. The Company is also ISO 14000:2004 certified. The Company has also earned the “SANMAN” Award from the Central Excise Authorities.
