About Us

It was a large vision that drove Ramjee Leathers & Supplies to start its activities in a small way in 1989 and through the consecutive years it has managed to become one of the most successful companies of its sector in terms of both production capacity and product quality. Today it boasts a Professional management with an operation that includes 500+ employees working in a serene environment with modern machinery. Ramjee Leathers & Supplies has not sacrificed its concepts of quality while attaining this auspicious position.

In a world where competition is getting tougher every day and where borders are being lifted, it has become vital that businesses ensure total customer satisfaction along with a high quality product. In such a climate Ramjee Leathers & Supplies has assumed the principle of meeting all of the expectations of its customers

Since its foundation, RLS has aimed at attaining a rightfully earned the name and by continually making strides in this direction has become one of the companies most preferred by foreign customers. Today RLS exports its products to Europe, the U.S.A. , Russia. The company has gained a sure foothold in the global marketplace by importing raw skin from many world processing this leather in compliance with European standards in their own tannery and making fine leather garments and Bags based on customers specifications.
