<https://www.indiamart.com/ranko-metals-private-limited/>

**Ranko Metals Private Limited** came to existence in 1984 as a highly motivated manufacturer and supplier of a broad range of copper products. We are affianced in offering Electric Motor, Female Adapter, Manifold T Piece, U Bend Tubes, ...

## About Us

Established in the year, 1998, at Hyderabad, Andhra Pradesh- India, we “**Ranko Metals Private Limited**” are a Limited Liability / Corporation (Privately Held) organization engaged in manufacturing and supplying a wide assortment of Copper Products. Our products include Electric Motor, Female Adapter, Manifold T Piece, U Bend Tubes, Bull Nose, OS Relays, Street Elbow, Street Elbow Copper, Street Elbow, Elbow Fittings, Reducer Coupling, Industrial Coupling, Slip Coupling, Part Cross Over, Bend Union Adapter, Return Bend, Cross Pipe Fittings and Stop End. Due to the high durable finish, our offered copper products widely find their usage in Pumps & Petrochemicals, Cement & Construction Industries, Sugar mills & Distilleries, and many Steel plants.

With the help of a dexterous team of expert professionals and our strong business relationship, we are able to offer a wide range of Copper Products. Our professionals make use of premium quality materials and sophisticated technology for designing and developing the products as per the defined industry standard. In addition to this, we also lay emphasis on the safe storage as well as proper packaging of our products. In order to store our products, we have a huge and spacious warehouse in various sections that helps for quick and convenient dispatch of our Copper Products.

Our company has boomed under the leadership of our mentor, '**Mr. Anil Kumar**', who holds vast industry...
